

District is temporarily restrained from carrying out the Department of Health's August 31, 2021 Order insofar as it requires universal masking in schools, pending a full hearing on the matter.

2. It appearing that the Tredyffrin/Easttown School District also lacks regulatory authority to require healthy individuals who are not infected with a communicable disease to wear mask to prevent the transmission of Covid-19 in schools, the Tredyffrin/Easttown School District is temporarily restrained from carrying out its Covid-19 Mitigation Plan insofar as it requires universal masking in the district's schools, pending a full hearing on the matter.
3. It appearing that the August 31, 2021 Order unfairly discriminates against conscientious religious objections to wearing face coverings by exempting only certain secular activities from the mask requirement, the Tredyffrin/Easttown School District is temporarily restrained from granting any exemptions from the mask requirement unless a religious exemption is also made available.
4. Any religious exemption may not be conditioned on submitting to different treatment than is required for secular exemptions. Thus, if weekly testing is required for a religious exemption, it must be required for a sports exemption or musical performance exemption.
5. It appearing that a blanket waiver of medical privacy rights under HIPAA is required to obtain a medical exemption from the mask requirement and that such waiver is overbroad and arbitrary, the Tredyffrin/Easttown School District is temporarily restrained from using its medical exemption form.
6. Masks wearing in the Tredyffrin/Easttown School District shall be optional and at the discretion of the parents for the safety of the child.
